

L5067

rivet Bohrdur 6 mm of clamp piece 3

Technische Merkmale

Compatibility

Product compatibility	Ba6, DNG, LKG,HNG,VK-flex
-----------------------	---------------------------

Materials

Colour	colourless
Material	Polyoximethylen (POM)
Material group	plastic
Material quality	Other
Type of surface treatment	untreated
Stainless steel (pickled)	no

Dimensions

Drilled hole diameter	6 mm
-----------------------	------

Standards

European directive RoHs	voluntary compliance
-------------------------	----------------------

Safety

Halogen free	yes
--------------	-----
