

S142-22X

## Wireless PIR detector 20m corridor IP55

Product Datasheet

### Connectivity

|                 |                |
|-----------------|----------------|
| Connection mode | radio TwinBand |
|-----------------|----------------|

### Voltage

|                   |         |
|-------------------|---------|
| Operating voltage | 3600 mV |
|-------------------|---------|

### Measurement

|                  |                  |
|------------------|------------------|
| Detection Method | Passive Infrared |
|------------------|------------------|

### Battery

|                 |         |
|-----------------|---------|
| life of battery | 4 years |
|-----------------|---------|

### Detection

|                    |      |
|--------------------|------|
| Range of detection | 20 m |
|--------------------|------|

### Dimensions

|                      |                                |
|----------------------|--------------------------------|
| Dimensions (LLxwxhh) | 163 x 85 x 63 mm (sans rotule) |
|----------------------|--------------------------------|

### Equipment

|                               |      |
|-------------------------------|------|
| Angle of horizontal detection | 90 ° |
|-------------------------------|------|

### Use

|            |          |
|------------|----------|
| Lense type | Corridor |
|------------|----------|

### Standards

|                         |           |
|-------------------------|-----------|
| European directive WEEE | concerned |
|-------------------------|-----------|

### Safety

|                     |      |
|---------------------|------|
| Protection index IP | IP55 |
|---------------------|------|

### Use conditions

|                       |             |
|-----------------------|-------------|
| Operating temperature | -25...70 °C |
|-----------------------|-------------|

### temperatur

|                     |             |
|---------------------|-------------|
| Ambient temperature | -25...70 °C |
|---------------------|-------------|
