

S231-22X

Kühltruhenausfallmelder LS, Funk

Product Datasheet

Connectivity

Connection mode radio TwinBand

Battery

life of battery 4 years

Dimensions

Dimensions (LLxwxhh) 138 x 26 x 30 mm

Settings

Alarm parameter-setting possibilities instantaneous or delayed activating

Equipment

Opening detected Over 5 cm

Integrated magnetic opening contact yes

Standards

European directive WEEE concerned

Software

application Traditional or renovation shutters

Safety

Protection index IP IP31

Use conditions

Operating temperature -10...50 °C
